PROFESSIONAL SUMMARY

Computer Science undergraduate seeking software engineering and IT internships. Built modular C++ applications using object-oriented programming, data structures, algorithms and file handling. Working knowledge of Python, SQL/MySQL, JavaScript, web fundamentals and Git; combines analytical problem-solving with customer-facing support experience.

TECHNICAL SKILLS

Programming: C, C++, Python, SQL (MySQL), JavaScript, HTML5, CSS3

Computer Science: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Graph Algorithms, Operating Systems, DBMS, File I/O

Tools & IT: Git, GitHub, Visual Studio, VS Code, Ubuntu/Linux fundamentals, Windows, Debugging, Networking fundamentals, IT Troubleshooting

PROJECTS

Nexus Grid - Emergency Response & Resource Management | C++ / DSA | 2026

- Developed a modular city emergency-response simulator with 10+ components for route planning, resource allocation, dispatch and citizen lookup.
- Applied 12+ data structures/algorithms, including Dijkstra, graphs, AVL/BST, heaps and hash tables; managed 100+ records through file handling.

Interactive Operating System Simulator | C++ / OOP / STL | 2026

- Built an 8+ module OS simulator covering process scheduling, memory allocation, device management and file system operations.
- Implemented FCFS and priority scheduling using encapsulation, inheritance and polymorphism across 15+ C++ source/header files.

ZAQ Bank Management System | C++ / File Handling | 2025

- Built a console-based banking app supporting 50+ users with account login, deposits, withdrawals, transfers and transaction history.
- Structured roughly 600 lines of C++ with modular functions, input validation and persistent account records.

EDUCATION

BS Computer Science, University of Central Punjab | Lahore | 2024–2028 (Expected)
CGPA: 3.56/4.00 **Current Semester:** 5th

EXPERIENCE

Founder & Web Developer, Zentorix | Lahore | 2026-Present

- Founded Zentorix, offering web development, custom software and IT solutions.
- Developed and deployed a responsive business website using HTML, CSS and JavaScript.

Customer Support Representative, Mindbridge | Lahore | May–Jul 2024

- Handled 80–90 customer calls daily, resolving issues and documenting interactions in CRM.
- Achieved 92% first-contact resolution through effective troubleshooting and communication.

CERTIFICATIONS

Linux Essentials - Cisco Networking Academy / NDG (2026)
Technical Support Fundamentals - Google (2025)
The Bits and Bytes of Computer Networking – Google (2024)

ACHIEVEMENTS

HPE CodeWars 2025 - 17th place; scored 1,730 points solving competitive programming challenges in C++.
